

Manage time and attendance

Improve time management of your entire workforce and cover all types of employee absences.

Start benefiting now

Flawless payroll management is critical to your business. The Sage payroll management and processing solution helps you pay your employees.

- **Reduce compliance risk and boost productivity**
 - Sage Time eliminates the traditional time clock, introduces manager and employee self-service, is delivered in the cloud as an SaaS solution, and connects to our Sage HR and payroll solutions
- **Handle payroll your way**
 - Give your financial team a powerful tool for complete, on-time payroll processing. And because it's so flexible, you can customize it to handle your payroll your way with Sage HRMS Payroll.
- **Track time off and absences**

Manage all types of time-off tracking, including incident-based time off, such as jury duty, medical leave, and bereavement, and assign regular leaves of absence, manage and report on leaves of absence covered by FMLA, track medical certification and recertification dates, and track FMLA time taken with the full set of features delivered with Sage HRMS.
